

REPORT ON THE MEMBERSHIP

Dr. Michael Clift writes:

At the time of writing, mid-September, we have 221 members of which 36 are overseas. Forty new members joined us in 1987 and 11 of these are overseas. Almost exactly one half from the United Kingdom and from abroad have paid a subscription this year, although a few have paid for more than one year and have been sent a membership card dated accordingly.

As already stated we shall not, for the time being, remove the names of those who have not paid this year, but we hope this will remind them, as after this the mailing list may have to be judiciously pruned. Those whose memories are jogged by this announcement are reminded that subs become due on January 1st, so it would be a good idea to include 1988 as well, for otherwise your card will expire in little more than three months
